e-Health in Davis County

Evaluating the Present and Looking to the Future

Thursday, October 20, 2011, 6:00 PM

E-health technologies have evolved significantly in recent years, bringing unprecedented opportunities for coordination in protecting and improving the health of individuals. **Please join us for dinner, provided by the Utah Medical Association, and an evening of discussion on the successes and challenges of e-Health in Davis County.** This free event will be held on Thursday, October 20 at 6:00 PM.

Speakers will share the status of various Health Information Technology and Information Exchange initiatives in your community as well as best practices in implementation. You'll learn from your colleagues how they've engaged in the following initiatives:

- •Electronic Health Records
- •clinical Health Information Exchange (cHIE)
- Telehealth

- •e-Prescribing
- Meaningful Use Incentives
- Transition of care

All health professionals are invited to attend and share in an exchange on the challenges, successes, hopes and concerns about the future of e-Health. Please join us for dinner and add your voice as we look toward the future of our healthcare system.

Invited Speakers:

Glen Morrell, MD (Keynote) Jon Goates Allen Freestone, MD
